The Independent.

Massillon, Wednesday, September 18.

In alluding to that special democratic favorite for congress, one of the Browns, which his name is Richard, in these columns a short time since we unfortunately disturbed the serene equanimity of Bro. McGregor, editor in chief of the Canton Big Democrat, so that he favors us with several distinct paragraphs of dissent. Of course it is his privilege to criticise as much as he pleases, so we let him went. But one point we may note, which is, he assumes that Mr. Woodworth has made himself obnoxious to the grogsellers by intermeddling with their affairs, so he gets none of their votes, and intimates, using the wornout drunkard makars' argument, that people can get along by attending to their own business. Mr. Woodworth is a lawyer, and in that capacity, we presume, has aided in enforcing the law against liquor sellers, just as he would against thieves, robbers, incendiaries and murderers. And, by the way, these last named transgressors might use Bro. Mc's argument against Woodworth with the same propriety,—that is, mind his own business—as do the drunkard makers. Mr. Richard Brown is held up as the model temperance man, and if he has done his duty in this relation, he too is quite as liable to the charge of intermeddler as is Mr. Woodworth. As we before intimated, there is a mystery about these grogsellers so unanimously supporting Brown, which is explained by those who claim to know as soluble only by a free application of greenbacks.

In the voluminous report sent us by Mr. Ambler, of ku klux outrages, all fortified by unimpeachable evidence is proof that there is a state of feeling burning in the hearts of unrepentant rebels in several of the southern states, which makes it unsafe for union people to live among them. These barbarians are simply infernal, inspired by the worst passions and led on by the most malignant hate. But that is the sort of crowd with which Greeley is so anxious to shake hands, and embrace them as brethren. If he told the truth of them not many months ago, by describing them as among the worst specimens of humanity, and knows that they have not reformed, is it not hypocrisy to blarney them now.

Familiar expressions to be found in the Greeleycrat papers these days are such as Honest Horace, the Good and Great Greeley, and all that. Are we to take it that he was always thus good, great and honest? or has he like them, been mysteriously converted? If he was always so honest and truthful what about such expressions as this: "I don't say all democrats are horse thieves, but every horse thief is a democrat," and hundreds of similar force and energy. Did he lie when he said these things, or did he utter the truth? or if he told the truth of the democrats, are such men worthy to be rulers of the country? If Greeley was dishonest or even mistaken when he wrote ss hardly about democrats, is he fit to be chief of the nation, especially as he now lauds them as the purest of patriots?

The present Greeleycrat party, as a rule, are down on employing Chinese laborers, denouncing them as paupers, working for little wages. History records that for three quarters of a century the democratic party, the mass of the supporters of Greeley, practically favored stealing hundreds of thousands of Africans, bringing them to this country and forcing them to work as slaves, without even proper wages, and because they could not introduce this sort of labor all over the country they raised a rebellion and tried to destroy the government. These are the fellows to denounce cheap Chinese labor.

At a collection lately made at a charity fair, a young lady offered the plate to a rich man who was noted for his stinginess. "I have nothing," was his answer. "Then take something," she replied. "You know I am begging for the poor."

Those Infernal Printers!—"We didn't get to see the 'proof of our new sensation story, entitled "The Doomed Millionaire,' and the printer had it published 'The Damned Mill on Fire,'" thus quotes an exchange.

Premiums are offered for curious things at agricultural fairs now-a-days, but the latest innovation is made by the directors of the Santa Clara (California) agricultural society. They offer premiums to be given at their fair this fall, of $40, $30, and $20 to the unmarried girls who will prepare plain linners, not to exceed the cost of $4, of first, second, and third grades—six or a less number to compete. To those preparing dinners, of the fifth and sixth grades, $10 each. A committee will be appointed to examine the tables and test the quality of the vivands provided, who will decide upon their separate merits and award the prizes.

Depend upon yourself. Riding upon the shoulders of another is dangerous and foolish. If you are not cast off into a disagreeable place, you might be let down in a very ugly manner, when you least expect it.

REPUBLICAN DEMONSTRATION.

The grand gathering on last Saturday evening of thousands of republicans in this city, will be a marked era in the city of Massillon. But about a week were preparations making to carry out the project, and it proved an unprecedented success. During the week the busy notes of preparation were manifest everywhere. Scores of banners were a part of the results of labor. They were in such variety that it would be impossible in a brief notice to describe them. But for pungent wit and fitness of illustration they were creditable to the conception and ingenuity of the artists—all home boys—who prepared them. Their words and their emblems all were pointed and significant. So when the time arrived to appear in grand procession this feature was one of the marked attractions, and challenged the admiration of the hundreds of spectators. Not a few of the same class of significant banners were from Canton, and they, too, told efficiently in favor of the cause they represent. Under this head there is one transparency, devised and painted by Mr. Wm. Dickey, for the Grant Club room, which elicits the commendation of all. It is full of patriotic meaning, and can be seen and read by all who pass by Tremont Hall, Main st. He completed the job in about two days, and with many other proofs of his artistic skill, gives evidence of no ordinary ability,

The evening selected proved a most propitious one, as the sky was clear and bright, and not a cloud intervening to hide the twinkling stars, or darken the full orbed moon. A calm, cool, bracing atmosphere also conspired to add to the pleasantness of the time—so that all seemed to work harmoniously for the right.

In an undertaking of this magnitude considerable time is needed to make the required preparations for action. For this reason it was not until after 8 o'clock ere the procession was completed, which took place in the eastern part of town, where the Canton delegation, some hundreds strong, with torches, band, banners and flags, joined the Brookfield and Massillon forces. Both the Kendall and Massillon Silver band were in the procession, which enlivened the air with plenty of music as there were three bands in the procession. Having formed in line the men marched, four deep, down Main street, and through we don't know how many other streets, and when in this position made a magnificent appearance. Hundreds of soldier boys carried torches and they marched with military precision, but all did well in this respect. A company of cavalry, from Brookfield, headed by Capt. John Ball, formed an important feature of the procession, also carrying torches. The rear was brought up by a company of boys, who took a deep interest in the marching. Over 600 torches were in the procession.

The head of the procession halted in front of the American, and as many as could get within earshot of the speaking did so. Hon Arvine C. Wales, president of the Grant Club, introduced Mr. Woodworth by a few well timed and appropriate remarks, informing the vast audience before him of the manly, upright course of W. in behalf of the laboring class. Mr. Woodworth then took the stand, and in a clear voice, eloquent language, and dignified, discreet arguments proceeded to speak to the thousands before him. There were no low personalities about political opponents, but a candid discussion of national matters formed the entire character of his speech. His principal theme was protection to home industry by appropriate legislation, and on this point he elucidated the position of the two political parties, now asking for the people's votes. Greeley, who has been a life long protectionist, in order to secure a nomination by the democracy for the presidency, has abandoned the idea, which has been his great hobby for more than thirty years. His speech was not long or tedious, but compact and to the point. Every republican feels proud of such a candidate for congress, as he is well known as a man of ability and correct political integrity.

The president next introduced Capt A J. Ricks, now of Knoxville, Tenn., but a native of this city. In a brief speech he said much in regard to the condition and disposition of many in the south—for he has the amplest means of knowing much of the evil workings of base, unscrupulous politicians, a large part of whom are prompted to action by the most intense hate, not only of the administration, but of the government as well. He established the fact, as far as it could be done in a brief speech, well and forcibly delivered, that it will be a most dangerous and hazardous experiment to entrust the government in the hands of the party who sympathised with the rebelion, and are now inspired by all the hate and venom of the spirit of secession. Nearly or quite every candidate for congress and other important positions in Tennessee, were high officers, such as colonels, and generals, conspicuous as leaders in the rebel army. But we cannot pretend to touch on all the points which Mr. Ricks so ably as well as earnestly presented to an attentive audience. Massillon may well feel proud of this, one of her favorite sons.

It was then becoming late, and the president suggested that the hour for adjournment had arrived, but stated that Gen. Ed. Meyer, a native of Canton, but lately a resident of Louisiana, was present. Immediately the people expressed a decided wish to hear from him. Gen. Meyer was then introduced, and without attempting to argue any abstract political issue, proceeded to give a detail of facts as they were known to him personally, concerning the malice, spite, bitterness and murderous spirit of the Louisiana kuklux. He gave one instance after another where union men, all republicans, were shot down by these murderers, without a moment's warning, and merely because they were not of the rebel kuklux order. It was enough to chill the blood to hear these recitals, and comprehend the idea that thousands of such blood thirsty beings curse the soil of Louisiana. So determined are they, he said, to annihilate republican principles wherever they have the power, that they have prepared a series of schoolbooks for their children, in which all the repulsive features of rebel hate toward the national government and its institutions are manifested by the teachings therein inculcated. And it is these and their coworkers in other states to whom Greeley and his followers wish to extend the hand of friendship, and give them full opportunity to take a large share in making and administering our laws. No loyal man is prepared for such a state of things. After the last speaker ceased the president called on the crowd to make a brief speech, which was responded to by three hearty cheers for Grant and Wilson.

Thus ended one of the most successful gatherings that has ever occurred in the city, and that it will be followed by beneficent results there can be but little doubt. The best of order prevailed during the evening—nothing that we have heard of occurred to mar the success of this demonstration.

We may add, in conclusion, that beside the long procession, there were thousands on the sidewalks, not a few ladies being among them, who cheered the moving mass of lighted torches all along their march in the densest part of the crowded street. Flags and transparencies were hung out in uncounted numbers, and in this respect the American House was gaily and richly decorated, as well as many of the stores in its vicinity.

Having great powers of suction some of the Greeleyerats pretend to be exhilarated at the smallness of this manifestation, but if they can extract comfort from a meeting more than three times the size of their own, we say let them rejoice.

Last Thurday evening the Greeleyerats of this place aided by about one hundred of their brethren from Canton, made a demonstration by having a torchlight procession, speeches, and a little shouting. The procession started from Madison hall, and when in full bloom, marched through several of our principal streets, accompanied by both our bands, making a respectable appearance. Many of the torchbearers were little chaps, some of them not yet in their teens, and a goodly sprinkle of graybeards, young men and men of medium age. They marched up the hill and down again, stopping in front of the American, where the speaking was to be performed. First the president of the Greeley club, Col. Webb, an amiable and pleasant gentleman, who makes a fine appearance, announced that Mr. Patrick, the state senator of Tuscarawas county, who got so mad last winter in the senate chamber that he swore mighty oaths, would address the assemblage. He responded in a miserably poor speech. It lacked dignity, was characterized by personal vituperation, and as for argument it was a flat failure. The amiable president then introduced Mr. Brown, captain of the tin bucket brigade, of Youngstown, and (he said) our next member of congress. Richard stepped up to the side of the president—the crowd looked at him—he looked at the crowd, then without saying a word, turned around and sought quiet obscurity. Not a cheer or a clap greeted this pantomime—all was silent. Next a Mr. Burrows, of Lake county was introduced. He is a fine looking man, has a strong, clear voice, but his speech was a rehash of Patrick's tirade, which consisted in abuse of Grant, and a very weak eulogy of Greeley. We consider Brown's speech the best of the evening. In the procession there were about 280 torches, many of whom straggled along the street without much regard to order. The Canton men with their ghostly looking uniforms, made the best appearance, and marched in the best order. But as a political demonstration it was a flat failure, and the crowd did not seem to know when to cheer, excepting when Patrick told some Irish story, then they cheered loudly. No principles were discussed, no salient and effective points made, and the whole of the speaking was as destitute of argument as anything of the sort could well be. If our Greeleycrats have nobody here to speak for them, and have to go even outside of the district to import speakers, it does seem that they might select better representatives than appeared in their behalf last Thursday night. In conclusion, we may add the most striking incident of the evening was the fact that a colored man was hired, —some say he received $10 and as much whisky as he could drink—to carry a torch and march in the procession. He was the only man of that color in the crowd, and when they got west of the canal, another colored man seeing him in such company, knocked him over, and struck him after, so reports say. This was all wrong. He should not have been molested. But the colored people don't see it in that way, and when the wounded man was taken to a surgeon for repairs, his African friends told him, it was "jes good for him—he had no business to be in such mean company."

The Greeleyerats have immense powers of suction. In Vermont where they hoped to make great gains they were beaten 26,000 for governor—have not a member of congress, or a state senator, and but a fraction of township members in the house. But they were going to do the big thing in Maine. Well, they were beaten there as bad as ever the democrats were—governor by about 17,000, congressmen more than that—not a state senator, and, like Vermont, but a portion of township members in the house. From all this they suck comfort,—for this reason they must be the most prodigious suckers. If it affords them any satisfaction we say, let them suck.

Is it stupidity or dishonesty? The Greeleyerat papers are boring their readers with a long speech from Asa Mahan, asserting that he is of Oberlin, when he has not been living there for the last 12 or 15 years. But anything to beat Grant. Thirty-two years ago Mr. M. was an active participant in an anti-slavery convention held in this place, at which time he was president of Oberlin college. He is now a man of more than 80 years of age, and can't be a very interesting speaker.

A little show was in town last Saturday, claiming to have several remarkable curiosities, and a sword eater.

Ayer's

Hair Vigor

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. It soon restores faded or gray hair to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will present the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit, but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

VALUABLE HINTS.

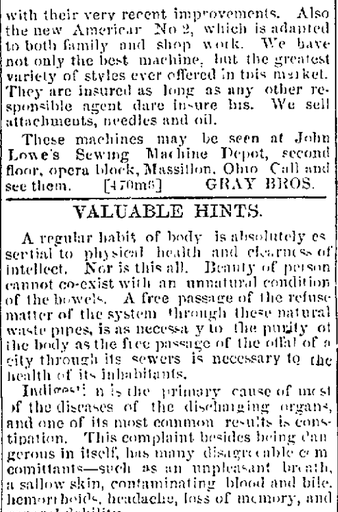
A regular habit of body is absolutely essential to physical health and clearness of intellect. Nor is this all. Beauty of person cannot co-exist with an unnatural condition of the bowels. A free passage of the refuse matter of the system through these natural waste pipes, is as necessary to the purity of the body as the free passage of the offal of a city through its sewers is necessary to the health of its inhabitants.

Indigestion is the primary cause of most of the diseases of the discharging organs, and one of its most common results is constipation. This complaint besides being dangerous in itself, has many disagreeable concomitants—such as an unpleasant breath, a sallow skin, contaminating blood and bile, hemorrhoids, headache, loss of memory, and general debility.

Hostetter's Stomach Bitters remove all these evils by removing their immediate cause in the digestive organs, and regulating the action of the intestines. The combination of properties in this celebrated preparation is one of its chief merits. It is not merely a stimulant or a tonic, or an anti bilious agent, or a nervine, or a blood depurent, or a cathartic, but all these curative elements judiciously blended in one powerful restorative. It lends activity and vigor to the inert and enervated stomach, relieves the alimentary canal of its obstructions, and gives tone to the membrane which lines it, gently stimulates the liver, braces the nerves, and cheers the animal spirits. No other remedy possesses such a variety of hygienic virtues. It is to these characteristic virtues that it owes its prestige as a household medicine. Experience has proved that it is as harmless as it is efficacious, and hence it is as popular with the weaker sex as with the stronger.

Hostetter's stomach bitters are sold in bottles only, and the trade mark blown in the glass and engraved on the label is the test of genuineness. Beware of counterfeits.

DOCTOR PIERCE'S ALT. EXT. OF Golden Medical Discovery



CURES DISEASES OF THE THROAT, LUNGS, LIVER & BLOOD

In the wonderful medicine to which the afflicted are above pointed for relief, the discoverer believes he has combined in *his own* name of Nature's most sovereign curative properties, which God has instilled into the vegetable kingdom for healing the sick, than were ever before combined in one medicine. The evidence of this fact is found in the great variety of most obstinate diseases which it has been found to conquer. In the cure of **Bronchitis, Severe Coughs,** and the early stages of **Consumption,** it has astonished the medical faculty, and eminent physicians pronounce it the greatest blood cleansing discovery of the age. While it cures the severest Coughs, it strengthens the system and **purifies the blood.** By its great and thorough blood purifying properties, it cures all **Humors,** from the worst **Scrofula** to common **Blotch, Pimple,** or **Eruption.** Mercurial disease, Mineral Poisons, and their effects, are eradicated, and vigorous health and a sound constitution established. **Erysipelas, Salt Rheum, Fever Sores, Scaly or Rough Skin,** in short, all that numerous diseases caused by bad blood, are conquered by this powerful purifying and invigorating medicine.

If you feel dull, drowsy, debilitated, have sallow color of skin, or yellowish brown spots on face or body, frequent headache or dizziness, bad taste in mouth, internal heat or chills alternated with hot flashes, low spirits, and gloomy forebodings, irregular appetite, and tongue coated, you are suffering from **Torpid Liver** or **"Biliousness."** In many cases of **"Liver Complaint"** only part of these symptoms are experienced. As a remedy for all such cases Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the liver strong, clear and healthy. For the cure of **Habitual Constipation** of the bowels it is a never failing remedy, and those who have used it for this purpose are loud in its praise.

The proprietor offers $1,000 reward for a medicine that will equal it for the cure of all the diseases for which it is recommended.

Sold by druggists at $1 per bottle. Prepared by R. V. Pierce, M. D., Sole Proprietor, at his Chemical Laboratory, 133 Seneca street, Buffalo, N. Y. Send your address for a pamphlet.

JUSTICE ELECTION.—We are authorized to say that R. H. Folger will be a candidate for Justice of the Peace at the general election on the second Tuesday in October next, in place of Edwin Jarvis, deceased.

Mr. Lew Wilson, son of Mrs. Wilson, formerly of this place, we notice by the last Alliance Local, has received the appointment of superintendent of public schools at Lansing Mich. This is encouraging to Mr W., who is a graduate of Mt Union college, as to be placed in so responsible a position in a city which is now the capital of a state.

Carriage makers, and all that class of manufacturers will find the Coach Makers' International Journal, of Philadelphia, one of the best aids they can avail themselves of It is full of useful instruction in all branches of the business.

Millers and others having machinery of that character could not do better than patronize Leffel's Illustrated Journal, published at Springfield, O. It is filled with the most useful information on questions connected with mill works. In the last, or Sept. No. is a description, illustrated with cuts, of an apparatus for disintegrating grain—making flour without the use of millstones. It is commended highly by many for numerous advantages. The Journal also has been making it a specialty to discuss the best mode of building dams, and simple as the subject may appear there is more science in it than at first sight appears to the casual reader.

MRS. DR. MOUNTS, would say to those patients who wish electrical treatment, that they will find her at Mr. Neal's for one month only, as I expect to then return to Philadelphia and permanently locate there.

Miss Sarah Folger, daughter of our fellow townsman, R. H. Folger, Esq., who for some cause was left out of the corps of teachers of our union schools, which position she had so well filled, we are gratified to learn has secured a place in the union schools of Toledo. She is well qualified to impart instruction, as her acquirements are of more than ordinary merit.

The little fiddler who looks to be some 10 or 11 years of age, and the little harper, who may be 3 or 4 years older, created some interest by their musical performances on the streets. It is supposed the little fellows make it pay, or they would not work at it.

R H. Folger, Esq., informs us that the Toledo Commercial of late date contains a full account of an incident in which his daughter, Mrs. Brown, took an active part. While out of house a few moments a thief entered the parlor, took a watch, and was making his way off, but was seen by a servant girl who who informed Mrs. B. that the man had something in his hand. Mrs. Brown told the girl to go for a policeman, while she herself kept an eye on the thief, who soon met two or three others of the same sort. The policeman soon arrived—she pointed out the thief—he was promptly arrested, the watch taken from him and a confederate with him, who are now in a fair way to get to Columbus. This shows what an energetic woman can do. Many a woman, and man too would have been so embarrassed, as to let the thief off under similar circumstances.

One evening last week, the Canton Rep & Rep. informs us, that a number of straight-out democrats of that place held a meeting at Billy Burke's office for the purpose of organizing. The Greeleycrats hearing of the movement mixed in, and made so much noise and confusion in screeching for Greeley that Mr. B. and his friends could not transact business. Mr. Burke requested them to leave, but they did not do so until the police forced them out. When quiet was restored, and business was being transacted stones and brickbat were hurled through the windows. Is this a specimen of Greeley democracy? The Rep. & Rep. farther says that the friends of this movement went to the Democrat office to get posters for the meeting, but they refused to print them. Then they had a lot issued at Rep & Rep office, which were put up, but an employee of the Democrat office went and tore them all down. A second edition was printed, which succeeded in calling this meeting But even then they were so disturbed that they had to adjourn without doing what was designed. The Big Dem. has not a word to say about this mob.

In the matter of taking daily papers we understand that a number of our citizens who have been supporting the Cincinnati Commercial for years, have changed off, and now, take the Gazette. It is the same way with the Tribune: many are changing off to the N. Y. Times, the now leading republican paper in that city.

Where the new railroad crosses Main street the earth is required to be cut down about 27 inches, which is altering the grade of the street somewhat. Some of the West Massillon people people don't like the arrangement.

The fine Arts.—Mr. W. T Mathews the talented artist in oil colors will probably open a studio in Massillon for a few weeks, commencing shortly, when any who have a taste for portraiture, may avail themselves of his ripe experience. Mr. M. is originally from this county, and his many friends here will extend to him a generous welcome. Early last spring he was induced to go to South Carolina for the single purpose of executing a portrait of Gov. Scott, and the success being signal many orders followed and he remained there until lately.

The new United Brethren church, situated four miles south-west from Massillon, on the "Old Z nt farm," Tuscarawas tp., will be dedicated to the worship of Almighty God, Sabbath Sept 22d. Rev. J. Weaver, of Baltimore, Md., one of the bishops of the church, will be present to officiate. The public are cordially invited to attend. Services on Saturday at 2 o'clock, P. M., Sunday, 10 o'clock, A. M. and 3 P. M.

Monday's papers inform us that the Geneva arbitrators have come to a final agreement as to the Alabama claims, and all but one of the British members have signed the papers. The damages awarded amount to $15,500,000 in gold.

The fifth annual re-union of the late 104th O. V. I. is to take place at Wellsville on the first of October next. A cordial invitation is extended to all the members, and a pleasant time is anticipated, when the brave boys will once more meet and greet each other in the ties of friendship, which was tested in tent and field during the weary years of the war.

Somebody has sent us a copy of Instructions on Illuminating, by J. Featherstone, Cleveland, O These political times, when much much of this is going on this little manual will be of service to persons interested. In it are directions for using lanterns, with prices annexed. Also, about fireworks, balloons and all that.

Mr. H. Diellenn, who is yet east, will soon return with a full stock for the enterprising clothing store of P. & H Diellenn, so prepare for bargains and supplies of the best goods in the market.

Bro. R. H. Williams has returned to his home from Wisconsin, where he has been for several months on account of impaired health. He was welcomed by a number of his friends on arrival at his residence, who greeted him warmly. His appearance is very much improved, and his ailment seems to be entirely removed. He preached with his usual earnestness to the Presbyterian congregation on last Sunday morning.

Monday evening our Greeleycrat friends had a torchlight demonstration and speeches at Fulton.

Our Orrville neighbors are greatly elated at the decision of the Wheeling and Lake Erie railroad managers, as they have decided to locate it through that place. Wooster is also working for another road.

Our physicians say that considerable sickness prevails in this vicinity, more or less of a fever character, but as a general thing not regarded dangerous.

Last Sunday morning it is reported to have been a little frosty in some places. The corn is said to be about safe.

The American Stock Journal.—The publishers of this valuable agricultural journal, offer to send the remaining numbers of this year free to all new subscribers for 1873. SCROFULOUS DISEASES.

The scrofulous diathesis has a wide range of development, such as eruptions on the skin, affections of the eyes, nose, ears, and ulcers on different parts of the body, carries off the bones, cancerous affections, and affections of mucus surfaces, &c.

But the common form is that of glandular affections, or swelling, enlargement and final suppuration of the glands of the body.

It is truly a loathsome and troublesome disease, and we should always regard with the greatest suspicion the enlargement or induration of any gland, or the formation of any tumors on any part of the body, and from the very exertions to prevent its further increase or extension, and to remove it as soon as possible.

Fortunately for those laboring under this class of disease, the progress of science favors us with the means of detecting this peculiar state of the blood, as well as furnishing us with the remedies for completing a cure, when a cure is at all to be had.

In the urine of scrofulous subjects there is a peculiar substance called cystine, which essentially characterizes this disease from all others, and there cannot, in any case, be a complete cure effected but by the remedies which favor a removal of this substance.

Whatever will arrest most speedily the contaminating virus of scrofula, will reduce most readily the tumors, or heal up most quickly the ulcers.

We have cured many very bad cases of this terribly annoying and loathsome disease.

One of the very worst cases we ever saw, was from an adjoining county. He was cured in a few months and is now well.

Several bad cases in this city, a number in Allegheny city and some from nearly all the surrounding counties have been cured of one or another from of this inveterate disease by our remedies and treatment.

If you have scrofula, or a scrofulous diathesis, white swelling, carious bones, running ulcers, tumors, eruptions, discharges from the ear, nose or eyes, or enlargement of the glands, send for the remedies thus scientifically prescribed, and have a complete cure effected, as hundreds of others have done.

For the benefit of those living at a distance laboring under chronic affections, and unable to attend in person, we would say, by sending a vial of urine for examination, the necessary medicines can be sent them by express.

DIED

OBITUARY.

"We leave thee, with a trust serene,
Which time, nor change, nor death, can move,
While with thy childlike faith, we lean
On Him whose dearest name is Love!"

Born in the town of Fly Creek in the county of Otsego, N. Y., May 4th, 1803, EDWIN JARVIS

Married, in the town and county of Otsego, N. Y., February 19th, 1829, by the Rev Samuel Manning, Edwin Jarvis, and Lydia E. Grosse.

The family Bible from which the above record has been transcribed contains the further announcement of the birth of five children, all surviving at this date.

On the 25th day of November last the home circle, which for forty-two years had remained intact, was broken, by the death of Mrs Jarvis.

Died, at the Homestead, Massillon, Ohio, Tuesday, P. M Sept 10th, 1872, EDWIN JARVIS, Esq in the 70th year of his age.

The subject of this notice removed, with his family, to Massillon, in 1849, and they have been identified with its best interests ever since

His brother, the late Gen. Dwight Jarvis, and his only surviving brother, Hon. Kent Jarvis having preceded him hither, some twenty years, from western New York, their native place

We find the family noticed, among the first settlers of Otsego county, N. Y., as coming from Massachusetts A son of Doctor Bill Jarvis, was the first white child born on the lands of the "Cooper patent" He was born in 1787, and was named after the proprietor (father of the late James Fenimore Cooper) Wm. Cooper Jarvis, receiving fifty acres of land as a memorial of the circumstance.

Ashel, father of Edwin was the brother of doctor Jarvis, another brother; Kent, a major in the continental army, was killed in the war of the revolution

Ashel married a Miss Griswold, of Lanesboro, Mass., who bore him ten children She died in 1862, in her 93d year, having survived her husband some forty years.

The old homestead at Fly Creek is still in possession of the Ohio branch of the family.

This brief summary of family history is given, because it is profitable to trace to their source those sterling qualities of industry, perseverance, and above all, that conscientious regard for every moral obligation, which have been the distinguishing characteristics of our beloved friend through life

Mr. Jarvis filled many offices of honor and trust in this community, and the unadorned language of truth is, that he honored and dignified every trust confided to him, while his private life was spotless, above reproach.

A general recognition of these facts gave significance to the ceremonies at St. Timothy's church on Thursday afternoon last, when the grand simplicity of his character was depicted in language fervent with emotional regard by his former pastor and friend, Rev. H. B. Morrell, when the consciousness was impressed upon every heart, that the influence of such a life must remain, and will abide with us to elevate the future of our lives to nobler aims and purposes.

At the cemetery, as the last solemn rites were drawing to a close, the evening sun gleamed through the foliage, sparkling with the rain drops of the recent storm, a friend exclaimed: "How calm and beautiful is this scene—so like the peaceful closing of my dear old friend's life!"

"Into its furrows shall we all be cast,
In the sure faith that we shall rise again
At the great harvest, when the archangel's blast
Shall winnow, like a fan, the chaff and grain."

THE NEW FAMILY SINGER SEWING MACHINE

The undersigned has opened rooms for the sale of this celebrated Sewing Machine, three doors north from McLain, Dangler & Co's store, Erie street, Massillon, O., where he intends to keep on hand a full assortment of Sewing Machines, needles, attachments, and findings for all machines. Silks and threads of best quality.

This **NEW FAMILY MACHINE** is capable of a range and variety of work such as was thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately organized, nicely adjusted, easily operated, and smoothly running of all family sewing machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the interlocked elastic stitch, alike on both sides of the fabric sewn. Thus, beaver cloth, or leather, may be sewn with great strength and uniformity of stitch; and, in a moment, this willing and never wearying instrument may be adjusted for fine work on gauze or gossamer tissue, or the ticking of tarlatan, or ruffling, or almost any other work which delicate fingers have been known to perform.

Purchasers wishing to buy a machine are requsted to call and examine our prices &c., before purchasing elsewhere.

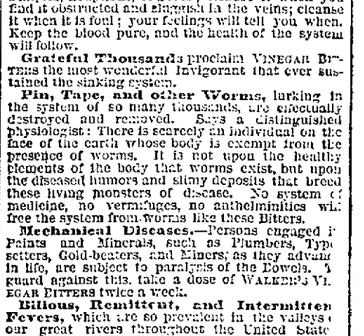
Massillon, O., April 2d., 1873



Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whisky, Proof Spirits and Refuse Liquors, doctored, Spiced, and Sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout; Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs and in Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: There is scarcely an individual on the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. As a guard against this, take a dose of WALKER'S VINEGAR BITTERS twice a week.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner By purifying the Blood they remove the cause, and by resolving away the effects of the inflammation (the tubercular deposits) the affected parts receive health, and a permanent cure is effected.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter Irritant, Sudorific, Alterative, and Anti-Bilious.

The Aperient and mild Laxative properties of DR. WALKER'S VINEGAR BITTERS are the best safe-guard in cases of CHILDREN and malignant fevers. Their balsamic, healing, and soothing properties protect the linings of the fauces. The Sedative properties allay pain in the nervous system, stomach, and bowels, from inflammation, wind, colic, cramps, etc.

Their Counter-Irritant influence extends throughout the system. Their Anti-Bilious properties stimulate the liver, in the secretion of Bile, and its discharges through the biliary ducts, and are superior to all remedial agents, for the cure of Bilious Fever, Fever and Ague, etc.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed. The liver, the stomach, the bowels, the kidneys and the nerves are rendered disease-proof by the great invigorant.

Directions.—Take of the Bitters on going to bed at night from a half to one and one-half wineglassful. Eat good nourishing food, such as beefsteak, mutton chop, venison, roast beef, and vegetables, and take out-door exercise. They are composed of purely vegetable ingredients, and contain no spirit.

DR. CARPENTER,

136 Mulberry street, Newark, N. J.,

Is now treating successfully **CONSUMPTION, BRONCHITIS,** and all diseases of the Throat and Lungs, with his *Compound Medicated Inhalations, Concentrated Food and Cough Syrup.*

During the past ten years Dr. Carpenter has treated and cured thousands of cases of the above named diseases, and has now in his possession certificates of cures from every part of the country. The inhalation is breathed directly into the lungs, soothing and healing over all inflamed surfaces, entering into the blood, it imparts vitality as it permeates to every part of the system. The sensation is not unpleasant; and the first inhalation often gives very decided relief, particularly when there is much difficulty of breathing. Under the influence of my remedies, the cough soon grows easier, the flight sweats cease, the hectic flush vanishes, and with improving digestion the patient rapidly gains strength, and health is again within his grasp.

The concentrated food rapidly builds up the most debilitated patient, presenting to the stomach food all ready to be assimilated and made into good, rich, healthy blood

The cough syrup is to be taken at night to alleviate the cough and enable the patient to obtain sleep. Full directions accompany each box of my remedies, which consists of

One Inhaler, one bottle of Alterative Inhalant, one bottle of Soothing Febrifuge Inhalant, one bottle of Anti-Hæmorragic Inhalant, one bottle of Concentrated Food, and one bottle Cough Syrup.

Price of box containing remedies to last one month, $10; two months 18 three months 25.

Sent to any address C O D. Pamphlets containing large list of patients cured sent free. Letters of inquiry must contain one dollar to insure answer. Address,

PLANTATION BITTERS.

S. T.—1860—X.

This wonderful vegetable restorative is a sheet anchor of the feeble and debilitated. As a tonic and cordial for the aged and invalid it has no equal among stomachics, a remedy for the nervous weakness to which women were especially subject, it is preceding every other stimulant. In all climates, tropical, temperate or frigid, it acts a specific in every species of disorder which undermine the bodily strength and take down the animal spirits. 444-1y

LYON'S KATHAIRON,

For Preserving and Beautifying the Human Hair. To Prevent its Falling Out and Turning Gray.

A well preserved head of hair in a person's middle age, at once bespeaks refinement, elegance, health and beauty. It may truly be called woman's crowning glory, while men are not insensible to its advantages and charms. Few things are more disgusting than a thin, frizzly, harsh, untamed hair, with head and coat covered with dandruff. Visit barber and you look and feel like a new man. This is what Lyon's Kathairon will do all the time. The charm which lies in well placed hair, glossy curls, luxuriant tresses, and a clean head, is neglected and insensible. An experiment is about to be tried in San Francisco which will be watched with interest by all the other cities on the continent. H. J. Booth, Horace Davis, Jos. G. Eastland, and others have petitioned the board of supervisors for permission to lay pipes for the transmission of steam through five or six streets and intersecting alleys. They propose to be incorporated under the name of the California Central Power Company. The steam is to be supplied by a central boiler station, so located with reference to fuel, etc., that they can furnish power at less cost to both large and small consumers than these can provide it for themselves, and at the same time to reduce their fire rates.

The warm weather already seems to have had a curious effect—it isn't all snow and cool air in Switzerland. In the last number of the Swiss Times we read: "The heat has became simply insufferable. The cattle already at the break of day retire to their shelter. For years back, the glaciers have not melted as during this season. Great masses as large as a church roll down into the depths below, producing a noise like that of thunder. Wild animals of all kinds may be seen, and innumerable herds of chamois graze peacefully with the cattle, and if no attempt is made to catch them, are perfectly tame.

There is no more potent antidote to low sensuality than the adoration of beauty. All the higher arts of design are essentially chaste, without respect to the object. They purify the thoughts, as tragedy, according to Aristotle, purifies the passion. Their accidental effects are not worth consideration. There are souls to whom even a vestal is not holy.

Greeley, has been done in sugar by an enterprising confectioner, and now every little shaver in the country goes in for licking him.

Don't stand aghast with awe and fear, eyes wide open, hair on end, and fingers tightly clinched with the idea that these mysterious symbols are cabalistic signs and represent some secret organization of masked demons, who carry terror and dismay with their midnight prowlings and disperse on the dawn of morning. No! They are only the initials of Dr Pierce's Golden Medical Discovery, a great pleasant medicine which has acquired a national reputation and proven so efficious in coughs colds, bronchitis, consumption and hundred diseases. In every quarter of the globe where it is known, and there are few indeed where it is not, the Mexican Mustang Liniment takes precedence of all similar preparations. Its transcendant merits have obtained for it a popularity seldom reached by any proprietary medicine. In its infancy the first of its success was pronounced in the wide-spread endorsement which it received from physicians, veterinary surgeons, horsemen and the public generally. No one now thinks of questioning its claim to be considered the standard liniment of America.

THE GREAT SOUTH AMERICAN

JURUBEBA

BLOOD PURIFIER

It is not a physic which may give temporary relief to the sufferer for the first few doses, but which from continued use brings piles and kindred diseases to aid in weakening the invalid, nor is it a doctored liquor, which, under the popular name of bitters is so extensively palmed off on the public as sovereign remedies, but is a most powerful tonic and alterative, pronounced so by the leading medical authorities of London and Paris, and has been long used by the regular physicians of other countries with wonderful remedial results.

Dr Wells' Extract of Jurubeba

retains all the medicinal virtues peculiar to the plant and must be taken as a permanent curative agent.

Is there want of action in your liver and spleen? Unless relieved at once, the blood becomes impure by deleterious secretions, producing scrofulous or skin diseases, felons, blotches, pustules, canker, &c.

Take Jurubeba to cleanse, purify and restore the vitiated blood to healthy action.

Have you a dyspeptic stomach? Unless digestion is promptly aided the system in debilitated with loss of vital force, poverty of the blood, dropsical tendency, general weakness or lassitude.

Have you weakness of the intestines? You are in danger of chronic diaarhœa or the dreadful inflammation of the bowels.

Take it to allay irritation and ward off tendency to inflammations

Have you weakness of the Uterine or urinary organs? You must procure instantly relief or you are liable to suffering worse than death.

Take it to strengthen organic weakness or life becomes a burden.

Finally it should be frequently taken to keep the system in perfect health or you are otherwise in great danger of malarial, miasmatic or contagious diseases.

Ayer's

Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping-Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of **Consumption,** cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing **Coughs,** the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attacks of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, seeming sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis,** when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

PAIN-KILLER

IS THE

BEST FAMILY MEDICINE OF THE AGE!

And why it should be kept always near at hand:

1st Pain killer is the most certain Cholera cure that medical science has produced.
2nd Pain killer as a Diarrhœa and Dysentery remedy, seldom if ever fails.
3rd Pain Killer will cure cramps or pains in any part of the system. A single dose usually effects a cure.
4th Pain Killer will cure dyspepsia and indigestion, if used according to directions.
5th Pain-Killer is an almost never failing cure for sudden colds, coughs, &c.
6th Pain-Killer has proved a sovereign remedy for fever and ague, and chill fever; it has cured the most obstinate cases.
7th Pain-Killer as a liniment is unequaled for frost Bites, chilblains, burns, bruises, cuts, sprains, &c.
8th. Pain-Killer has cured cases of rheumatism and neuralgia after years standing.
9th Pain-Killer will destroy boils felons, whitlows, old sores, giving relief from pain after the first application.
10th Pain-Killer cures Headache, and toothache.
11th Pain-Killer will save you days of sickness and many a dollar in time and doctor's bills.
12th Pain-Killer is a purely vegetable preparation, safe to keep and to use in every family. The simplicity attending its use, together with a great variety of diseases that may be entirely eradicated by it, and the great amount of pain and suffering that can be alleviated through its use, making it imperative upon every person to supply themselves with this valuable remedy, and to keep it always near at hand.

The Pain-Killer is now known and appreciated in every quarter of the globe. Physicians recommend it in their practice, while all classes of society have found in it relief and comfort. Give it a trial.

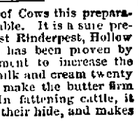
FOUTZ'S

CELEBRATED

Horse and Cattle Powders.

This preparation, long and favorably known, will thoroughly re-invigorate broken down and low-spirited horses, by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER, LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite—gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.



To keepers of Cows this preparation is invaluable. It is a sure preventive against Rinderpest, Hollow Horn, etc. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent. and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c, this articleacts as a specific. By putting from one half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.

DR. WHITTIER

296 Penn St. Pittsburg, Pa.

A REGULAR GRADUATE OF MEDICINE, AS DIPLOMA at office will show, has been longer engaged in the treatment of Venereal, Sexual and Private Diseases than any other physician in Pittsburg.

Syphilis, Gonorrhea, Gleet, Stricture, Orchitis, Hernia or Rupture; all Urinary Diseases and Syphilitic or Mercurial Affections of the Throat, Skin or Bones are treated with unparalleled success.

Spermatorrhea, Sexual Debility and Impotency, as the result of self-abuse, in youth, sexual excesses in maturer years, or other causes, and which produce some of the following effects, as nocturnal emissaions, blotches, debility, dizziness, dimness of sight, confusion of ideas, evil forebodings, aversion to society of females, loss of memory and sexual power rendering marriage improper, are permanently cured. Sealed pamphlet relating to above sent for two stamps. Call or write, a friendly talk costs nothing. Medicine sent everywhere It is self evident that a physician who treats thousands of cases every year acquires skill. Country physicians knowing this frequently recommend persons to my care.

MANHOOD! WOMANHOOD!

Who may Marry, who not, why. Send 25 cents. Full symptoms Chronic Diseases, 100 pages secretly sealed. Address, Dr. WHITTIER, 296 Penn Street, Pittsburg, Pa. Ignorance kills more than war and pestilence combined.

MANHOOD:

How Lost How Restored.

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of spematorrhea, or seminal weakness, involuntary seminal losses, impotency physical and mental incapacity, impediments to marriage, etc.; also consumption, epilepsy and fits, induced by self indulgence or sexual extravagance.

☞Price in a sealed envelope, 6 cents.

The celebrated author, in this admirable essay, clearly demonstrates, from a thirty years successful practice, that the alarming consequences of self abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer no matter what his condition may be, may cure himself cheaply, privately and radically.

This lecture should be in the hands of every youth and every man in the land

Sent, under seal, in a plain envelope, to any address, postpaid, on receipt of six cents or two post stamps.

Also, Dr. Culverwell's Marriage Guide. Price 25 cents. Address the publishers,
